Communication Consent

I would like to receive communication from SNC by email or text message (specific to the Ideal Protein Participants). I understand these modes of communication are not HIPAA compliant, meaning my information is not protected. I understand SNC does not use an encrypted email. Email/text is best used for topics such as appointment confirmation, supplement questions, etc. Email communication will NOT include information such as lab work, medical history or discussing healthcare. I understand that SNC will still call regarding my in-depth medical information. My signature below acknowledges that I would still like to be communicated with via email and/or text message.
